

FOR IMMEDIATE RELEASE

**Museum of Innovation and Science (miSci) Announces
May 27th Opening of *Artificial Intelligence:
Your Mind & The Machine* Exhibition**

UPDATED Schenectady, NY (May 22, 2023) – The Museum of Innovation and Science (miSci) announced today the opening of its latest exhibition, ***Artificial Intelligence: Your Mind & The Machine***, on Saturday, May 27, 2023. The exhibition will be on view through Sunday, September 10, 2023, and will explore the fascinating world of AI and its impact on our lives. **This exhibit is sponsored by the University at Albany, SUNY and its AI Supercomputing Initiative for Education and Research.**

The *Artificial Intelligence: Your Mind & The Machine* exhibition is designed to be an interactive and educational experience for visitors of all ages. It will showcase the history and evolution of AI, from its earliest beginnings to the cutting-edge technologies of today. Through a series of hands-on activities and displays, visitors will learn about the fundamental principles of AI and the many ways it is used in our daily lives.

Artificial Intelligence: Your Mind & The Machine will feature a wide range of exhibits, including:

The Evolution of AI: An exploration of the history and development of AI, from early computing machines to the latest breakthroughs in deep learning and neural networks.

AI in Action: Interactive displays and demonstrations showcasing how AI is used in a variety of applications, including healthcare, transportation, and finance.

The Future of AI: A look at the exciting possibilities of AI in the years to come, including the potential for AI to transform entire industries and reshape the way we live and work.

"miSci is proud to bring this groundbreaking exhibition to Schenectady, NY, and we look forward to welcoming visitors from across the region and beyond" said miSci President, Gina Gould. "*Artificial Intelligence: Your Mind & The Machine* promises to be an engaging and thought-provoking experience for all who attend."

Admission to the exhibition is included with general admission. For more information about the exhibition and the Museum of Innovation and Science, visit the Museum's website at www.misci.org.

About miSci

Located in Schenectady, New York, miSci presents exhibitions, programs, and events designed to inspire people to celebrate and explore science and technology – past, present, and future. Home to the Suits-Bueche Planetarium, the Museum's holdings include an archive of more than 1.6 million prints, negatives, and historic materials from the General Electric Photographic Collection, and more than 15,000 objects relating to the history of science and technology.
