

FOR IMMEDIATE RELEASE

***The Science of Wands & Wizardry* Returns to miSci on March 22nd**

(Schenectady, NY) Back by popular demand, the Museum of Innovation and Science (miSci) is proud to announce the return of the family-friendly magical event, *The Science of Wands & Wizardry*, on Saturday, March 22nd from 11:00 am to 5:00 pm.

Fans of magical worlds will enjoy an amazing afternoon packed with unique performances, hands-on activities, and experiences. As visitors enter miSci's magical school, the museum showcases its signature science with a full suite of wizard's activities including herbology, alchemy, potions, zoology, and astronomy. In addition, miSci will feature Merdwin the Mediocre's magic show, live reptiles from Via Aquarium, bugs with zoologist Dylan Murphy, and Grondahl's Wizard Workshop will be on-site for wand-making. miSci's Planetarium will be operating all day with shows and walk-through stargazing.

Visitors are encouraged to come in costume and celebrate their love of magical fiction. Food and refreshments will be available for purchase.

Proceeds from the event support the Museum's ongoing educational programs, exhibits, and events. miSci members receive discounts on all admission-based public programming. For more information, visit www.miSci.org and click on Events & Workshops.
