

miSci Fast Facts for 2025

- **miSci Reaches Local Students**
 - miSci STEAM programs reached nearly 18,000 students last year.
- **miSci is a Community and Regional Destination**
 - More than 33,000 people came to the Museum last year.
- **miSci Keeps Innovating**
 - miSci creates new exhibits each season that include hands-on interactives and historical artifacts.
- **miSci Preserves Irreplaceable History**
 - More than two million records and thousands of artifacts found nowhere else are preserved in miSci's archives.
- **A Visit to miSci is an Amazing Experience**
 - At miSci, gallery visitors can try out nearly fifty different hands-on interactive STEAM activities.
- **miSci's Planetarium is a Unique Resource**
 - The newly upgraded miSci planetarium gives views of the sky like no other place in the region.
- **miSci has Regular Programming for Everyone**
 - Between monthly wellness programs, special audience days, family days and others, miSci runs a recurring schedule of special events beyond being open to the public.
- **People Come from Around the World to see miSci's Treasures**
 - Researchers and writers from countries around the world visit and contact miSci's Archives and Collections every year, and more than 25 books have been written about the Museum's collections.
